General Approach

The aim of this Internet Acceptable Use Policy (AUP) is to ensure that pupils will benefit from the learning opportunities offered by the school's Internet resources in a safe and effective manner. Internet use and access is considered a school resource and privilege. If the school AUP is not adhered to this privilege may be withdrawn and appropriate sanctions will be imposed.

When using the Internet pupils, parents and staff are expected:

- To treat others with respect at all times.
- Not undertake any actions that may bring the school into disrepute.
- Respect the right to privacy of all other members of the school community.
- Respect copyright and acknowledge creators when using online content and resources.

This Acceptable Use Policy applies to pupils who have access to and are users of the Internet in Lumcloon National School.

- It also applies to members of staff, volunteers, parents, carers and others who access the Internet in Lumcloon National School.

Misuse of the Internet may result in disciplinary action, including written warnings, withdrawal of access privileges, detention and, in extreme cases, suspension or expulsion. The school also reserves the right to report any illegal activities to the appropriate authorities.

Lumcloon National School will deal with incidents that take place outside the school that impact on the wellbeing of pupils or staff under this policy and associated codes of behaviour and anti-bullying policies. In such cases Lumcloon National School will, where known, inform parents/carers of incidents of inappropriate online behaviour that take place out of school and impose the appropriate sanctions.

Lumcloon National School implements the following strategies on promoting safer use of the Internet :

- Pupils will be provided with education in the area of Internet safety as part of our implementation of the SPHE curriculum.
- Internet safety advice and support opportunities are provided to pupils in Lumcloon National School through the Stay Safe programme
- Teachers will be provided with continuing professional development opportunities in the area of Internet safety.
- Lumcloon National School participates in Safer Internet Day activities to promote safer more effective use of the Internet.

This policy and its implementation will be reviewed annually by the following stakeholders:

Board of Management, teaching staff, support staff, pupils, and parents

This policy has been developed by a working group including: Principal, Deputy Principal, teachers, pupils, parents/carers, and representatives of the Board of Management.

The school will monitor the impact of the policy using:

- Logs of reported incidents.
- Monitoring logs of Internet activity (including sites visited).
- Surveys and/or questionnaires of pupils.
- Surveys and/or questionnaires of pupils, parents, and teaching staff.

Should serious online safety incidents take place, Greg Gilligan (DLP) should be informed.

The implementation of this Internet Acceptable Use policy will be monitored by Board of Management, teaching staff and support staff.

The school has signed up to the terms of service of the Online Platforms in use by the school.

The School has enabled the most up to date security and privacy features which these Online Platforms provide.

Parents/guardians will be provided with the password and will be expected to monitor their child's use of the Gmail address and Online Platforms.

Parents/guardians must also agree to monitor their child's participation in any such lessons conducted on the Online Platforms.

General guidelines for video calling:

Google Meet is the preferred video conferencing application in use by Lumcloon National School.

The teacher will always invite the pupils to the call and act as hosts. Any co-host function will be disabled unless team teaching is taking place with two or more teachers.

The teacher is always first in the room (deploy waiting room where possible) and the last to leave the online meeting to ensure pupils cannot re-join the room afterwards.

A record of attendance will be kept.

General guidelines for live video sessions:

The video conference room is a classroom and the same school behaviour and codes of conduct apply to this environment.

Recording or live streaming of video sessions is expressly prohibited and if possible, such a facility will be disabled by the host.

Protocols and rules of engagement will be agreed in advance, e.g. using the chat feature for questions, raising hands if they wish to ask a question, asking students to mute mics at the beginning of a lesson in order to improve sound quality.

The teacher always invites the students to the call and acts as host. If a co-host function is available on the chosen platform, this will be disabled for pupils.

Teachers must turn on necessary security settings before allowing pupils to join the call e.g. chat feature, waiting room, etc. where applicable

Pre-set the video meeting where possible to mute participants' microphone automatically upon entry switching them on selectively to allow student participation during the session.

The chat feature can be used by students to ask questions and by teachers to share links with pupils/students.
